We have the option to build courses by re-using presentations or videos you already have or by consuming content from web sources. Students can also chat with other students or faculty. Students can also participate in quizzes or MCQs. Our LMS has extensive reporting about everything within the e-learning environment. A timeline of all system actions for access to what happened, by whom, and when. In case the student has any queries he can request a live online session with the teacher also. We try to update the curriculum regularly- and subsequently the video uploads/video content for the students. The related reading materials are also uploaded.
