Learning Management System (LMS)

Counselling Process

Mode of Counselling :- ONLINE

Brief describe the provision in LMS to be used by HEI :-

RASLMS (Rishi Agastya Subharti Learning Management System) is an application for the administration, documentation, tracking, reporting, automation, and delivery of educational courses, training programs, or learning and development programs. Our learning management system concept emerged directly from e-Learning

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- <https://lms.subhartidde.com/login/index.php>

Assessment mechanism	All assessments are done via MCQ, Quiz, and assignments shall be distributed and submitted online using LMS.
Identified technological interface and interoperability	PHP My SQL JavaScript JQuery
Learner's Authentication Requirements	Email ID and Phone No.
Learner Registration - through a web application	https://lms.subhartidde.com/login/signup.php?
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	A report can be generated through LMS in which how many times a student logged in, the total no of assignments done by the student, how many video lectures were watched along with the date and time.

Payment Gateway –using Digital Payment system	student, how many video lectures were watched along with the date and time.
Tracking the delivery of a Course or programme	When a student register then the registration form gets verified and after cross-checking all the documents credentials get delivered to his email id.
Technical Know-how or Skills Requirements	The student enters his skills during the time of his registration and then based on his skills LMS provides the list of the courses which are suitable for the student.

Learning Platform

Learning Platform :- Non- SWAYAM

Briefly write on ICT facilities available/ to be ready dedicated for the implementation of Online Courses :-

Our LMS is Built on top of the most modern web standards and technologies. The student can assess the online videos at the ease of his own timeline and own schedule. The student can ask questions at any point in time, chat, and has the liberty to self-assess. He/She can learn at his/her own pace. And login to access the content 'n' number of times. We have the option to build courses by re-using presentations or videos you already have or by consuming content from web sources. Students can also chat with other students or faculty. Students can also participate in quizzes or MCQs. Our LMS has extensive reporting about everything within the e-Learning environment. A timeline of all system actions for access to what happened, by whom, and when. In case the student has any queries he can request a live online session with the teacher also. We try to update the curriculum regularly- and subsequently the video uploads/video contents for the students. The related reading materials are also uploaded.
